

## **Ironworker-Management Progressive Action Cooperative Trust**

Mobile Medical Corporation (MMC) administers IMPACT's National Substance Abuse Program . As the numbers of participating locals continues to increase (90 plus IW locals participating in IMPACT program by end of 2009) MMC has established a Program Coordinator (PC) contact list. The PC contact list is sorted by I.M.P.A.C.T. Regional Advisory Board regions to enable quick reference to the local's MMC Program Coordinator. Each Program Coordinator provides a name, phone number and email address for the local's primary PC and also lists a secondary or back up contact if the primary contact cannot be reached. There is also a "Special Projects" section that lists all locals that are administered by a TPA other than MMC – called "IMPORTS" and any special projects that IMPACT covers such as "Southern Company or JD Steel." This reference list will be updated regularly. Marianne Karg oversees all MMC Program Coordinators and Regional Directors. She can be reached daily at [mkarg@mobmed.com](mailto:mkarg@mobmed.com) if further involvement is necessary.
