

World Class On-Site Occupational Medical Services

Reduce Risk, Lower EMR,
Maximize Healthcare
on Your Projects

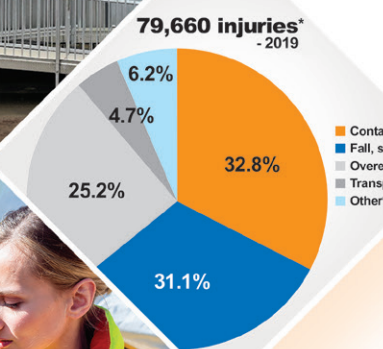

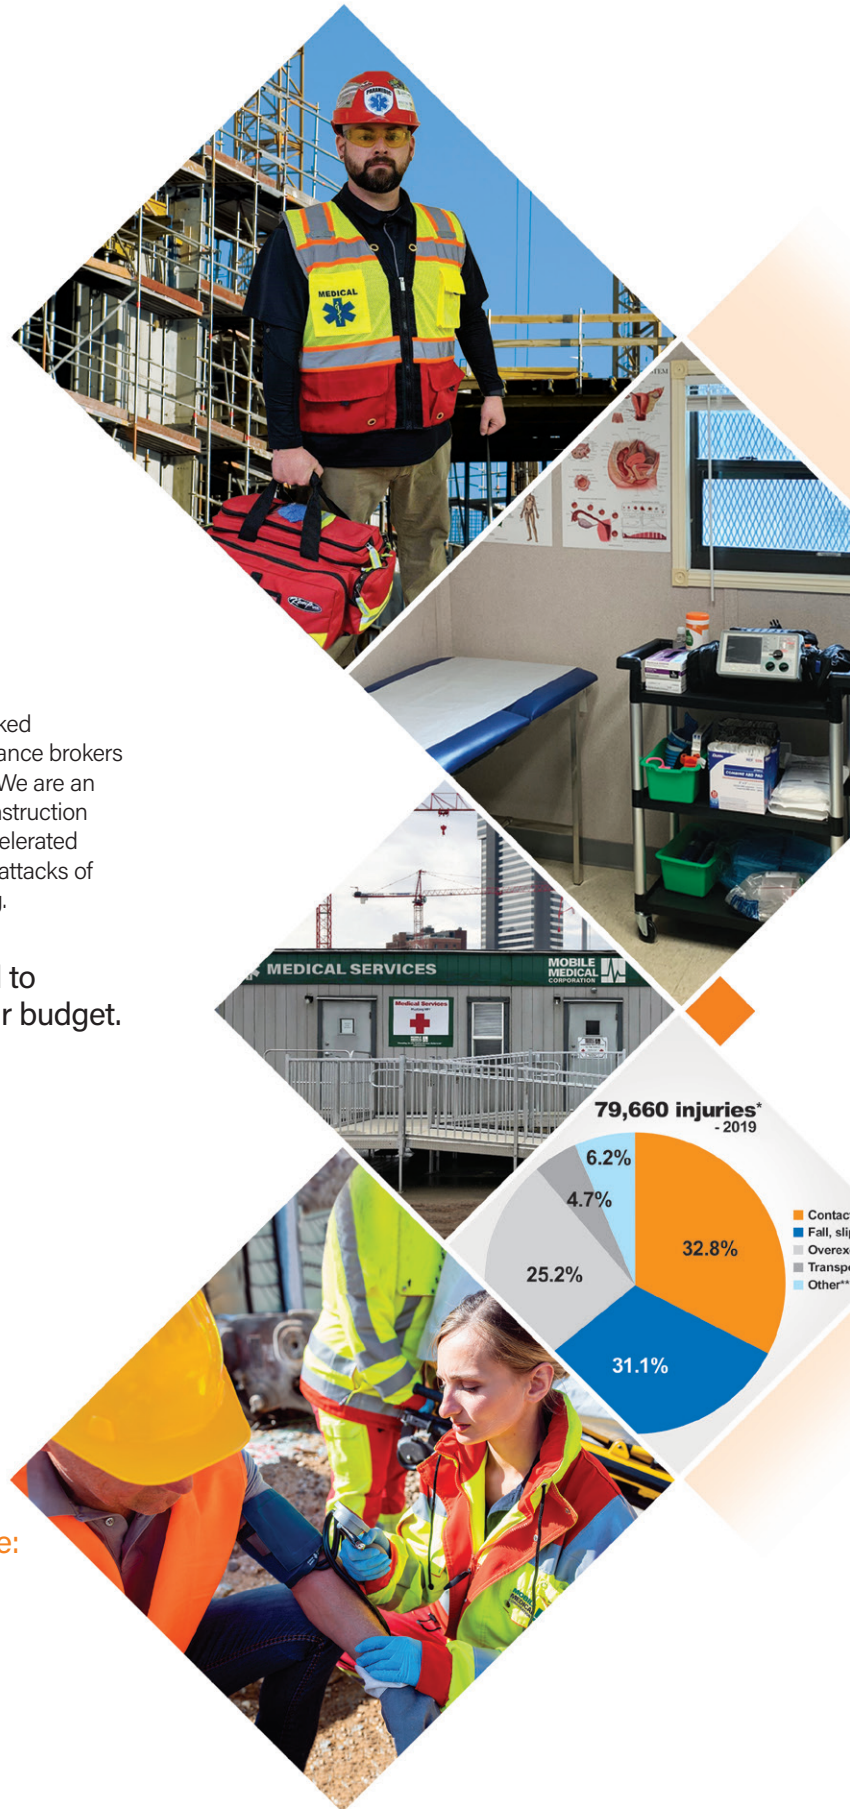

With over thirty years' experience Mobile Medical Corporation has worked with project owners, general contractors, construction managers, insurance brokers and insurance carriers providing world class worksite health services. We are an experienced partner that understands the unique challenges of the construction industry and has enhanced services to manage the emerging risks accelerated by the COVID-19 pandemic including mental health challenges, cyber-attacks of protected health information and pandemic related support and testing.

Our on-site health care professionals are committed to providing exceptional service that doesn't break your budget. We offer a flat hourly rate that includes:

- Dedicated Medical Staff
- Medical Director
- On-site Management Team
- Basic Life Support + First-Aid
- Injury Management
- Health & Wellness Initiatives
- Safety Support
- EMR: Cority Compliance Management Solution
- Medical & Administrative Inventory
- Cybersecurity Safeguards

Additional occupational medical services are available:

- Substance Abuse Testing and Administration
- COVID-19 Screening / Testing
- Vaccination Clinics
- Respiratory Protection
- Hearing Conservation
- Biological Monitoring

Risk management isn't about choosing better next time!
